CAN'T LOSE HAIR.

Twenty Years from To-day a Bald-headed Man Will Be an Unusual Sight.

One of the most prominent druggists of America made a statement a few weeks ago which has caused a great deal of discussion among scientists in the medical press.

He said: "If the new hair grower, Parisian Sage, increases its sales as it has during the past year, it will be used by nearly every man, woman and child in America within eight years."

"And when Parisian Sage is used almost universally, dandruff will disappear and with its departure baldness, itching scalp, splitting hair and all scalp diseases will follow and twenty years from now a baldhead will be a rarity."

There is only one way to cure dandruff and that is to kill the germs. There is only one hair preparation that will kill the germs, and that is Parisian Sage.

This unusual hair restorer with its record of thousands of cures will grow hair on any head where there is any life left; it is guaranteed by the Red Cross Pharmacy to cure dandruff, stop falling hair and itching of the scalp in two weeks, or money back.

It is the most pleasant and invigorating tonic, is not sticky or greasy and is used extensively by ladies of refinement, who desire to have and to keep their hair soft, lustrous and luxuriant.

Only 50 cents for a large bottle at the Red Cross Pharmacy and leading druggists everywhere, and remember when you buy a bottle of Parisian Sage you get more for 50 cents than the makers of ordinary tonics give you.
